

AlphaSorb® Fabric Wrapped Quick Ship Bass Trap

Description

Our AlphaSorb® Fabric Wrapped Quick Ship Bass Trap is all you need to add quick and easy broadband absorption to your room's corners. These are great for critical listening environments, home entertainment, conference rooms or any space with bass build up or flutter echo in the corners.

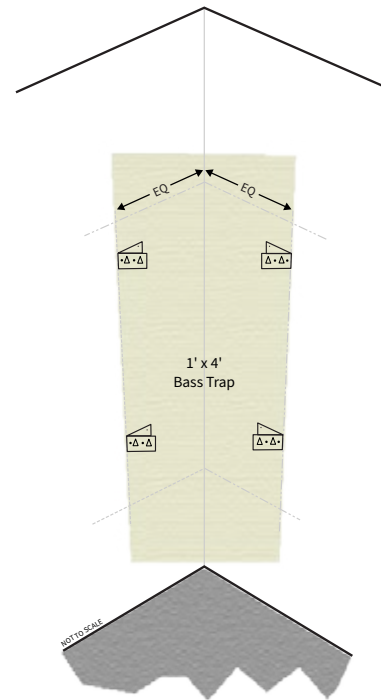

You can also expand or customize the AlphaSorb® Acoustic Panel Room Kit or AlphaSorb® Pro Acoustic Panel Room Kit, or combine with the Alphasorb® Quick Ship Panels and Ceiling Clouds.

With a Class 1 fire-rating, these panels will meet building code requirements for both public and private facilities.
