

Green Glue Whisper™ Clips

Description

Green Glue Whisper Clips separate drywall from building studs to dramatically reduce sound transmission by allowing one wall to vibrate independently from the other.

Whisper Clips were designed for high STC and maximum low frequency sound isolation in mind, so walls fortified with our clips will eliminate the bass sounds most commonly found with home entertainment and theater systems.

Approximate Coverage: 1 Whisper™ Clip for every 5 feet of wall or ceiling.

Features

- Easy installation with hat track
- Recommended load of 24-30lbs, or 2-3 drywall layers
- Max safe load of 46 lbs, or 4 drywall layers

Technical Characteristics

Width:	1.25"
Height:	4.25"
Depth:	1"
Weight:	0.025 lbs.
Max Spacing:	48" on center
Recommended Load:	36 lbs. ~ 3 drywall layers
Max Safe Load:	46 lbs ~ 4 drywall layers
Fail Load:	300 lbs ~ 27 drywall layers

Common Applications

- Commercial
- Industrial
- Recording Studios
- Residential
- Educational

Sound Blocking Performance

First Side of Wall	Second Side of Wall	STC
1 layer of 5/8" Drywall with Whisper Clips	1 layer of 5/8" Drywall	56
2 layers of 5/8" Drywall with Whisper Clips	1 layer of 5/8" Drywall	61
2 layers of 5/8" Drywall with Whisper Clips	2 layers of 5/8" Drywall	63
