## Iso-Step® Quick Cure Soundproofing Underlayment Adhesive

### 1. Identification of the Product and Manufacturer

**Product Name:** Iso-Step® Quick Cure Soundproofing Underlayment Adhesive

**Synonyms:** Multi-Function Adhesive for Resilient Flooring, RLX-110

**Other Means of Identification:** Modified Silane blend

**Recommended use of the chemical and restriction on use:** Moisture barrier adhesive for installation of flooring materials over approved subfloor — all types of resilient flooring including vinyl, rubber, fiberglass and polyolefin backed floorings.

**Company Details:** Acoustical Solutions  
3017 Vernon Rd.  
Henrico, VA 23228  
**Phone:** 1-800-782-5742

### 2. Hazard(s) Identifications

**According to regulation 2012 OSHA Hazard Communication Standard: 29 CFR Part 1910.1200**

**Classification of the Product:** No need for classification according to GHS criteria for this product.

**Label Elements:** This product does not require a hazard warning label in accordance with GHS criteria.

**Hazards not otherwise classified:** None known if used according to instructions. Irritation may occur when in contact with eyes and skin.

**Labeling of special preparations (GHS):** None required

**According to regulation 1994 OSHA Hazard Communication Standard: 29 CFR Part 1910.1200**

#### Emergency Overview

**Caution:** May cause skin irritation if not removed after skin contact. Use with local exhaust ventilation. Use protective equipment for eyes, skin protection.

### 3. Composition / Information on Ingredients

**According to regulation 1994 OSHA Hazard Communication Standard: 29 CFR Part 1910.1200**

This product does not contain any components classified as hazardous under the referenced regulation.

**According to regulation 1994 OSHA Hazard Communication Standard: 29 CFR Part 1910.1200**

CAS Number	Content	Chemical Name
Trade Secret	0 – 5	Organosilane

### 4. First Aid Measures

#### Description of First Aid Measures

**General Advice:** Upon contact, remove material from skin, eyes, and clothing. If irritation persists, seek medical attention.

**Inhalation:** Remove individual to fresh air if needed.

**Skin:** Wash with soap and water.

**Eyes:** Open eyelids and flush with running water for at least 15 minutes

**Ingestion:** Do not induce vomiting. Seek medical help immediately.

**Most Important Symptoms/Effects, both Acute and Delayed:** Not expected due to non-classification of the product

**Indication of any immediate medical attention and special treatment needed:** Note to physician — treat symptomatically.

### 5. Fire Fighting Measures

**Extinguishing Media:** Use Water spray, foam, dry powder when needed.

**Special Hazards Arising from the Substance or Mixture:** Material is a mixture of organic compounds. Compounds of carbon may arise during burning.

**Advice for fire-fighters:** Wear self-contained breathing apparatus and turn out gear. Use water to keep the containers cool.

**Further Information:** Dispose debris and contaminated clothing in accordance with regulations..

### 6. Accidental Release Measures

**Personal Precautions, Protective Equipment and Emergency Procedures:** Use personal protective clothing. Avoid contact with skin and eyes.

**Methods and Materials for Containment and Cleaning Up:** Remove material using absorbents. Scrape off excess and place in closed DOT approved containers for disposal.

**Environmental Precautions:** Do not release spilled material into natural waters

**Further Accidental Release Measures:** Slip hazard when spilled.

### 7. Handling and Storage

**Precautions for Safe Handling:** Do not puncture. Keep out of the reach of children

**Conditions for Safe Storage, Including any Incompatibilities:** Keep from freezing. Avoid extreme temperatures.

### 8. Exposure Controls / P.P.E.

**Advice on System Design:** Maintain proper ventilation.

#### Individual Protection Measures, such as Personal Protective Equipment

**Respiratory protection:** NIOSH respirator if needed. Use local exhaust ventilation. Do not use closed air-circulating system.

**Eye/face protection:** Safety glasses, goggles, or face shield.

**Skin Protection:** Chemical-resistant gloves, apron, coveralls, and boots to prevent unnecessary contact.

**General Safety and Hygiene Measures:** Wash hands and face after use. Launder contaminated clothing before re-use. Always use protective equipment to avoid direct contact.

### 9. Physical & Chemical Properties

**Form:** low viscosity liquid

**Odor:** mild

**Odor threshold:** no data

**Color:** off white

**pH value:** not applicable

**Melting point:** not applicable

**Boiling point:** no data

**Flash point:** not applicable

**Flammability:** non-flammable

**Lower Explosion Limit:** not applicable

**Upper Explosion Limit:** not applicable

**Vapor Pressure:** low

**Density:** not determined

**Relative density:** not determined

**Vapor density:** low

**Partition Coefficient n-octanol /water (log Pow):** no data

**Self- ignition temperature:** not applicable

**Solubility in water:** insoluble

**Miscibility in water:** not miscible

**Evaporation rate:** low

**Other Information:** Moisture cure product. Product will start curing in the presence of moisture.

**VOC Content:** = < 21 g/L

### 10. Stability and Reactivity

**Reactivity:** Stable

**Chemical Stability:** Stable

**Possibility of Hazardous Reactions:** None, product is stable

**Conditions to Avoid:** Extreme temperatures

**Incompatible Materials:** Water. Product is a moisture curing material.

**Hazardous decomposition products:** None known
