

Maxxon® Commercial Unglued

Description

Maxxon Commercial Unglued Adhesive Remover is an advanced chemical technology effective in the removal of pressure sensitive adhesives (PSAs) and other flooring mastics, glues and adhesives (water-based and non-water-based). Maxxon Commercial Unglued is non-toxic and fully biodegradable. Its fast-acting formula eliminates the need for time-consuming mechanical or abrasive removal of old adhesive in flooring renovation projects.

Where to Use

Application

Commercial and Residential Renovation.

Subfloor

Interior concrete, wood.

Technical Characteristics

VOCs	0 g/L
Color	Light Purple
Installation Temperature	54–95 °F (12–35 °C)
Dwell Time	Typically 2–4 hours
Coverage	80–100 ft ² /gal (7.4–9.3 m ² /L); 320–400 ft ² /pail (29.7–37.2 m ² /L)
Packaging	4 gal (15.1 L) Unglued in a 5 gal pail
Shelf Life	2 years unopened; 1 year after opening (remix before re-use)

Features

- Effective in removing Pressure Sensitive Adhesives (PSAs), flooring mastics, glues, and adhesives
- Fast-acting (2–4 hour typical dwell time, depending on site conditions)
- Non-toxic and non-caustic
- Fully biodegradable
- Low odor: does not require forced ventilation
