

PrivacyShield® AQFA-10DES Designer Colors Soundproofing Blanket

Description

Our PrivacyShield® AQFA-10DES Designer Colors Soundproofing Blanket consists of a durable indoor/outdoor rated facing quilted to both sides of a 2" thick fiberglass batting. Available in bound or unbound rolls, standard panels or even custom panel sizes. Add some color to your manufacturing and outdoor spaces!

Interior/Exterior Applications

- Enclosing HVAC equipment, dust collectors, or similar where UV resistance is required
- Installed over fencing or on brick or masonry walls of buildings
- Lifespan of 10 years in the harshest exterior environments when properly installed

Features

- Excellent acoustical performance
- Custom sizing
- Easy to install
- Durable, tear and abrasion-resistant
- Great UV and mildew resistance
- Highly water repellent
- Dimensionally stable; will not sag or stretch over time
- Lightweight
