

Sonex® Acoustic Panel Adhesive

Description

The Sonex® Acoustic Panel Adhesive has been specially formulated for use with our Sonex® acoustic foam panels. One 10.5 ounce tube installs approximately 16–24 square feet of Sonex® acoustic foam wall panels and fits into a standard caulking gun.

This non-toxic, water-based adhesive makes installation hassle-free and provides a strong, permanent bond when adhering Sonex® melamine materials to walls or ceilings. Compatible with Sonex® Panels in both polyurethane and Willtec® foams. Sonex® Acoustic Panel Adhesive provides easy clean-up with water

Features

- Non-flammable
- Quick tack time
- Water-resistant
- Odorless
- Non-toxic
