

Sonex® One Hanging Baffle

Description

Sonex® Sound Baffles are the effective solution to your acoustic problems. Made from Melamine foam, they are fiber-free, Class 1 fire-rated and designed to hang from ceilings in open spaces to reduce reverberation and ambient noise levels. These baffles are available in Natural White, Natural Grey, and a variety of HPC Coated colors.

Sonex One Sound Baffles are 3" thick and equipped with internal straps and grommets for easy installation on ceiling mounted cables or chains.

Technical Characteristics

Size:	2' x 4'
Thickness:	3"
Material:	Open-cell melamine foam
Color:	Natural White Natural Grey HPC Coated Colors
Fire Resistance:	Class 1 per ASTM E84
NRC:	1.05 (Natural) 1.10 (HPC Coated)

Sound Absorbing Performance

Finish	125 Hz	250 Hz	500 Hz	1000 Hz	2000 Hz	4000 Hz	NRC
Natural	0.09	0.68	1.20	1.18	1.12	1.05	1.05
